ATTN:

We are notifying you that your AI Box went offline on (Date). We waited 15-30 minutes to inform you because sometimes minor internet outages cause this, but it has been past 30 minutes. We will monitor the situation and update you as necessary. Meanwhile, could you please check and confirm the following:

- 1) Is there any internet or power outage in your area?
- 2) Are all systems in the Server or IT room powered on (which include switches, Server)

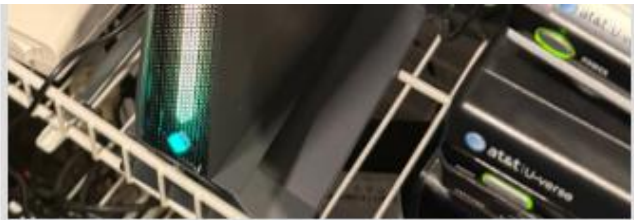

Your prompt response is vital in diagnosing and resolving the issue efficiently.
